

Exciting Updates from Our Annual Facility Enhancement!

Dear YMCA Members,

We hope this email finds you well! We are excited to welcome you back and share the updates our YMCA has undergone during the annual Facility Enhancement over the last ten days. We will open at our usual hour of 5 am tomorrow, September 3rd. All services will be open and operational and you will see a number of exciting updates and changes throughout the facility! There is one area that remains IN PROGRESS due to the extent of the job: the Family Shower Rooms.

****Family Shower Rooms**** The family shower rooms are undergoing a complete remodel - NEW shower stalls, fixtures, floors, ceilings - THE WORKS!! The current area has been completely demoed and is IN PROGRESS. It's going to be more comfortable and clean than it has been in years. We appreciate your patience while we make these long overdue improvements! While this area remains closed, we have created a ****Temporary Family Locker Room**** located on the left side of the current Women's locker room. Please note that the Temporary Family Locker Room will not have showers available at this time.

****Temporary Family Locker Room**** To ensure convenience, we ask families to bring their children swim-ready and take a cleansing shower on the pool deck before entering the pool. The Temporary Family Locker Room will have private changing areas and toilets available for use.

We kindly ask everyone to pay attention to the posted signs to avoid any confusion and help us maintain a smooth transition during this time.

Thank you for your understanding and cooperation as we work to improve our facilities for your benefit. We can't wait for you to see the changes and continue enjoying all that your YMCA has to offer!

Warm regards,
Steven Stanfield
CEO
